

**Dinosaur Ridge Scientific Spelling Stomp
Round #1 Study List**

abiogenesis	diastem	orbitoid
actinon	ecospecies	ornithopod
acyclic	einsteinium	orthoclase
allochromatic	electrodynamics	paleobiology
ambrite	galvanism	palmitate
apomorphy	gemmule	pentadecahydrate
aquifer	geratology	permian
attrition	haplite	photosynthesis
bidenticulate	holoclastic	pitchstone
biocybernetics	homologous	plutonic
blastoid	imide	predeary
boson	internuclear	radiochemistry
carbonite	kerosene	sulfonium
catabiotic	ketose	tetrahydrate
centrobaric	lithification	thioindigo
clastic	macrofossil	trichology
compactification	megalosaur	wattled
darwinism	microgranite	xanthosis
decephalization	nivation	zoophysics
demersal	odontalgia	zymotic

**Please note: All words from Round 1 will come from this list.
Words in higher rounds are not on this list.**
